

Curriculum Vitae

Personal

Name Markus Meuwly
Address Department of Chemistry
Klingelbergstrasse 80
CH-4056 Basel
Nationality Swiss

Current Position

2014 - Full Professor of Physical Chemistry, Department of Chemistry,
University of Basel, Basel, Switzerland
2009 - Adjunct Professor of Theoretical Chemistry
Department of Chemistry,
Brown University, Providence, Rhode Island, USA

Research and Education

2006 - Associate Professor, Department of Chemistry,
2014 University of Basel, Basel, Switzerland
2002 - Swiss National Science Foundation Förderprofessor and
2006 Assistant Professor, Department of Chemistry,
University of Basel, Basel, Switzerland
2000 - Research Fellow with Prof. M. Karplus, Laboratoire de Chimie
2002 Biophysique, Université Louis Pasteur, Strasbourg, France and
Department of Chemistry and Chemical Biology,
Harvard University, Cambridge, Massachusetts, USA
1999 Guest Researcher at the Chemistry Department,
University of Melbourne, Melbourne, Australia
1997 - Marie-Curie Research Fellow with Prof. J. M. Hutson,
1999 Chemistry Department, University of Durham, England
1993 - Dissertation with Prof. J. P. Maier, Institute of Physical
1997 Chemistry, University of Basel:
*Theoretical and experimental investigation of proton-bound
ionic complexes*
